Overall Insights
Female customers lead in revenue
Clothing is the top category
56+ age group contributes the most
Cash is the most used payment method
Top malls: Mall of Istanbul & Kan yon
Recommendations
Focus on female customers & attract male customers with targeted offers
Promote top categories & boost low-selling ones with discounts and new collections
Offer premium deals for 56+, trendy options for 18–25, and value offers for 26–55
Encourage card payments with cashback and rewards
Improve low-performing malls with events and promotions
Use personalized offers to increase customer satisfaction and repeat sales
